

Resource Document for Private/Solo Practice Electronic Prescribing (eRX) Implementation Deadline December 31, 2021

- ⇒ You can implement eRX stand-alone, without having electronic health records
- ⇒ Many options are web or cloud-based, meaning you access the software with a log on and the vendor houses the information on a secure, HIPAA compliant server
- ⇒ Many can be upgraded to include eRX of controlled substances and/or to include electronic health records, if desired
- ⇒ Many are offered for an affordable monthly or annual fee per prescriber, under \$40/month

How to find an eRX Vendor

- ⇒ The APA has a resource page dedicated to e-Prescribing [HERE](#)
- ⇒ Surescripts is a health information network - you can search eRX vendors [HERE](#)
- ⇒ Stand-alone eRX vendors recommended by other members
 - ◆ ScriptSure [HERE](#)
 - ◆ MD Toolbox [HERE](#)
 - ◆ DrFirst/Rcopia [HERE](#)

Still Need Help?

- ⇒ APA Practice Management Help Line: practicemanagement@psych.org or (800) 343-4671
- ⇒ Contact Your District Branch Administration: info@ncps.org or (415) 334-2418
- eRX Risk Management and Preparation Webinar: View On-Demand [HERE](#)
- Stay tuned for upcoming vendor information sheets, demos and step-by-step sign-up trainings hosted by NCPS and CSAP, to be completed by mid-October

**You Are Not In This Alone
NCPS is Here to Help**
